

Short Report for IFLA APR Professional Practice and Policy

2019-20 IFLA APR PROFESSIONAL PRACTICE AND POLICY CHAIR: TAKANORI FUKUOKA, JLAU

I . Short Report on Progress and Achievement

IFLA APR PPP group focused on sharing Landscape Architecture related information and worked together on focused activities with Landscape Architects in Asia Pacific Region. From 2019-2020, IFLA APR PPP (Chair, Takanori FUKUOKA) worked mostly with 2 working groups. Climate Change WG (Chair, Misato UEHARA) and Landscape Architects Without Borders(Chair, Kotchakorn VORAACHOM) started engaging stakeholders towards further actions. In Addition, each Chair organized and coordinated multiple Landscape Architecture Symposium and Lectures. Listed below are brief report on IFLA APR PPP activities.

- March 13-16.2019: 2011 Japan Earthquake and Tsunami disaster field trip and research meeting by Misato UEHARA, JLAU IFLA Japan delegate / Chair of IFLA APR Climate Change WG with IFLA APR president Damian Tang, and Prof. Dr. Liao Kuei-Hsien from National Taipei University Taiwan in cooperation with Shinshu University (Host), Tohoku University, IFLA APR Climate change WG , National Taipei University, Reconstruction Agency of Japan, Fukushima-Shinchi town
- Apr.14.2019: Lecture by Kotchakorn VORAACHOM held in Tokyo.
- June 29.2019: JLAU Symposium 'Common Issues' (WG chair Misato UEHARA gave presentation regarding IFLA Climate Change WG together with World Bank Officer Ms. Shoko Takemoto.
- Sep 16.2019:IFLA World PPP meeting. participated and discussed problems and future PPP actions.
- June 12.2020: New LAWB WG chair, Kotchakorn VORAACHOM's message issued at APR website. <https://iflaapr.org/news/ms-kotchakorn-voraakhoms-opening-message>
- June 20. 2020: U2W (you to world, series of international Landscape Architects talk) started. JLAU IFLA Japan co-hosted this lecture series with IAKS Japan. Already 8 Lectures completed, and 80% of participants are in the 20's. <https://www.facebook.com/LA35Talks/>

II . Tasks for 2020-2021 (Items to be developed)

1. Most important tasks are to enhance strong partnership with Climate Change WG, LAWB WG, and Agriculture WG to develop taskforce for creating sustainable and resilient Cities in Asia Monsoon climate. We are planning to host series of Lectures / Discussion with WG members within APR.

2. Support New Members, Countries to establish Landscape Architects platform under APR president.
