

# IFLA Asia-Pacific, Landscape Architects Without Border

2021-2022 Kiyohito Tamotsu 30/September/2022

## 0. Report 2021-2022

We had three online symposiums: PPP, Agricultural Landscape, and JLAU about Sea Level Rising, TSUNAMI, and Urban Greening. Humanitarian aids and Green Infrastructure Advises for Kingdom of Tonga Reconstruction.

- a. Green Infrastructure: Shoji Kaneko, Tomoki Takebayashi and Takanori Fukuoka
- b. Sea Level Rises: Kiyohito Tamotsu, Shoko Takemoto, Erbai Matsutaro
- c. Open Space: Dewi Rezalini Anwar, Yuta Masakane, Yusuke Nakashima
- d. Living with Tsunami: Extreme Water Resilient Rural Landscapes with IFLA Members
- e.. Living with Disaster, Urban Greening Kumamoto international Summit with Damian, Pia and Dawn.

## 1. Mission and Vision

My vision for IFLA Landscape Architects Without Borders (LAWB) committee is to outreach to non-member countries to join our IFLA APR community and make an open network to other stakeholders to solve our common issues. Short-term goal for 2022 term is to take actions to amend the Constitution to increase the number of IFLA members to share the knowledge and tackle our common issues.

## 2. Strategic Plan (3 milestones)

LAWB will focus on following 3 topics.

### 1. IFLA Constitution

I want to take action to amend the constitution for non-member nations to join IFLA or IFLA Apr individually. Most non-member nations have no more than five landscape architects, and it isn't easy to make one association adapt to the IFLA member regulations.

### 2. Sea Level Rise Talk Series

Three cross-talks has done from 2021-2022 this year, and most countries were conspicuously facing the crisis of sea level rise and the challenges of climate change. I want to continue holding cross-talk with member and non-member countries.

### 3. AAPME Talk in IFLA APR Congress in Tokyo, Japan

There are landscape awards for Asia, the Pacific, Africa, and the Middle East, but we would like to promote further exchanges that transcend regional boundaries. After next year's AGM in Japan, I would like to have a cross-talk.
