# Strengthening AILA + IFLA APR Strategic Alignment

A bottom up approach

## AILA Structure

AILA Board

AILA CEO

AILA Strategic Plan

National Advocacy Committee

Chapter Advocacy Committees

Climate Positive Design Task Force

(National Working Group)

# ALLA is developing a Climate Positive Design Strategy

## Key Objectives

**Understand** the environmental and carbon impacts of the projects we do, through evidence-based research

**Manage and mitigate** the impacts through good planning and design

**Advocate and educate** for better understanding of carbon neutral and climate positive design with our clients, colleagues, collaborators, stakeholders, Government and communities

# Help develop + implement actions which support climate positive design in landscape architecture across the Asia-Pacific Region

## Provide support to IFLA APR members by IFLA APR Members

1. Set the **big picture** for climate positive design initiatives
2. Provide **a point of contact** for IFLA APR members' climate committees
3. Help **focus climate positive design initiatives** to best utilise resources and avoid duplication
- 4. Celebrate IFLA APR members** who embed climate positive design in their work
5. Consider ways IFLA APR members can **set targets and measure impact**
- 6. Populate the IFLA APR website publications/news** with climate positive design research
7. Establish an IFLA APR member **Climate Positive Design Roadmap to 2050**, with likely time frames and success indicators for the development of IFLA APR climate positive design initiatives with a focus on the next 5 years

## **Guidance to IFLA APR**

- Advise on alignment of climate positive design in other IFLA APR Committees
- Provide guidance to IFLA APR on climate positive design messaging in IFLA APR communications
- Investigate funding sources and opportunities for IFLA climate positive design initiatives
- Identify areas of potential future research
- Contribute to the promotion of IFLA activities that support and promote climate positive design
- Provide an updated action plan at the end of the two year term incorporating any updates and learning from actions, implementation and member feedback.

## **Communications**

Chairperson to communicate regularly with IFLA APR Climate Change Working Group and IFLA World Climate Change Working Group

## **Accountability/Reporting**

Report to the IFLA APR Executive Committee quarterly

## **Meetings**

Quarterly. Minutes should have action points recorded.

## **Secretariat**

IFLA-APR

# **Build IFLA Organisational + Strategic Alignment**

## **IFLA APR Executive Committee**

## **IFLA APR Standing Committees**

Communication & External Relations

Finance & Business Planning

Professional Practice & Policy

Education & Academic Affairs

Landscape without Borders

## **IFLA APR Region Mission**

## **IFLA APR Region Landscape Charter**

**We are in this together: COVID-19**
